If you will be submitting your bills to be reimbursed by your insurance company, please keep in mind that insurance companies, for the most part, **will not cover vitamins, electro therapy pads, most orthopedic supplies or maintenance and corrective care. All Insurance Companies are Different.**

Your treatment is determined by your need and not by the insurance company. You are responsible for services rendered by this office. If your insurance company does not pay for services provided, you are responsible.

In order to keep our fees down, we do not bill patients for services or carry any balances forward. If this is inconvenient for you, ***you may pay for services in advance.***

Aetna periodically reviews claims for medical necessity and may not pay for treatment rendered. You will be responsible for office visits denied.

Personal Choice/Keystone HMO and Medicare as well as other carriers do **NOT** pay for supportive, corrective or maintenance care.
